

greenGain project final conference

BIOMASS FROM LANDSCAPE CONSERVATION AND MAINTENANCE WORK AS A SOURCE OF RENEWABLE ENERGY

21. 11. 2017, 8:00–13:00

The Egg Brussels, Bara Street 175, 1070 Brussels, Belgium

The final conference of the [greenGain project](#) is organised in cooperation with The European Biomass Association (AEBIOM) during the annual conference [European Bioenergy Future](#) (EBF) on 21. 11. 2017 in Brussels. The speakers will present interesting results of the greenGain project and share experience from various European regions. Participants will learn how to **increase market uptake of biomass residues originating during landscape conservation and maintenance work for renewable energy production.**

TOPICS

- Exploring the potential of these biomass sources
- Looking for best ways how to utilize them
- Analyzing related policies, governance and economic frameworks
- Sharing experiences from various regions across the EU

REGISTRATION

PROGRAM

08:00–08:10

Welcoming & Introduction "The greenGain project and its regional, national and international goals"

Christiane Volkmann, Fachagentur Nachwachsende Rohstoffe e.V. (FNR)

08:10–09:45

POLICIES AND FUNDING OPPORTUNITIES FOR ENERGY UTILIZATION OF BIOMASS FROM LANDSCAPE CONSERVATION AND MAINTENANCE WORK (LCMW)

08:10–08:30

Role of bioenergy and LCMW utilization in the EU countries and regions

Birger Kerckow, Fachagentur Nachwachsende Rohstoffe e.V.

08:30–08:55

Vision and support of the EU for bioenergy and LCMW utilization

DG RTD

08:55–09:20

Policy, Finance and Governance. Frameworks which increase market uptake of LCMW biomass

Christiane Volkmann, Fachagentur Nachwachsende Rohstoffe e.V.

09:20–09:45

Valorization of biomass from landscape and maintenance work. Chances and challenges for businesses

Klaus Lenz, SYNCOM

09:45–10:00

Coffee/tea break

10:00–11:20

REGIONAL EXPERIENCES, EUROPEAN SOLUTIONS? LOCAL GOOD PRACTICES

10:00 – 10:20

LCMW biomass potential assessment and pilot experience implementation in the model regions

Maidor Gomez Palmero, CIRCE

10:20–10:40

Hedgerows on banks in Friesland, Germany

Aline Clalüna, COALS

10:40–11:00

Establishing a biomass logistic platform in the Umbria region, Italy

Federico De Filippi, SOGESCA

11:00–11:20

Public parks and pellets production in the Serra municipality, Spain

Juanjo Mayans, Serra municipality

11:20–11:30

Summary

Christiane Volkmann, Fachagentur Nachwachsende Rohstoffe e.V. (FNR)

11:30–13:00

CARD EXCHANGE LUNCH

A 30-minute, interactive card exchange session with stakeholders which will be followed by a Belgian-themed lunch.

13:00–18:00

The program continues with the rest of the European Bioenergy Future program

(agenda available at www.conference.aebiom.org)
